Cpp Russia

Moscow / St. Petersburg, Russia

The banner features a background image of a conference hall with an audience. Overlaid on this is the C++ Russia logo (a green 'C' with '++' inside) and the text 'CONFERENCE FOR C++ DEVELOPERS'. Below the logo, a paragraph describes the conference as a two-day event with tracks on concurrency, performance, architecture, and infrastructure. At the bottom, there are two white boxes for the Moscow and St. Petersburg events, each with a city name, dates, and a 'Read more' button. The Moscow box includes a small image of the city skyline, and the St. Petersburg box includes a small image of the city's bridges.

C++ RUSSIA

CONFERENCE FOR C++ DEVELOPERS

C++ Russia is a two-day conference with several tracks of in-depth technical talks devoted to C++: concurrency, performance, architecture and infrastructure solutions — all you need to make your code more concise and productive.
